Class Series with Doreen Siracusano

January 11–February 15, 2020

6 Saturdays, 2:00–4:00 PM

At the moment you were born, all of the planets were in an unique formation that will never again exist in all of history. That formation is called your birth chart or natal chart. The chart tells a story of the soul and the unique energy you carry throughout this life.

In this 6 week class series you will:

- learn how to interpret the planetary forces within your natal chart
- discover the distinctive qualities each planet takes on through the Signs of the zodiac, the Houses of the chart, as well as the Aspects (mathematical angles formed between 2 planets)
- develop skills to begin to integrate this ancient wisdom into your life
- begin to understand your body, mind, emotions and spirit through the language of astrology.

Class topics:

January 11 - Intro & Planets

January 18 - Signs

January 25 - Houses

February 1 - Aspects

February 8 - Transits (current movement of the planets effecting the natal chart)

February 15 - Putting it all together

Cost: \$120 (+ tax) pre-registered

Included in the cost of the class series is a copy of your natal chart (if you supply the date, time, and place of your birth) and weekly handouts.

Class recordings will be available.
